

International Organization logos 02

International organizations (IOs) are groups of countries that come together to work on issues of common concern. There are many different types of IOs, with varying degrees of formality and power. IOs are an important part of the international system. They play a vital role in promoting peace, cooperation, and development around the world.

The world is full of incredible organizations working to tackle global challenges, promote cooperation, and improve lives. But how well do you recognize their logos?
