

Natural World Landmarks

Hidden wonders likely pulse right in your backyard, though they often escape the glare of global fame. While the masses flock to "viral" vistas, countless breathtaking natural world landmarks wait in silence, tucked away in corners that globetrotters have yet to colonise with hashtags.

How many natural world landmarks featured below can you put a name to?

			
Mount Everest, Nepal (Asia)	Gobi Desert, Mongolia, and China (Asia)	Uluru (Ayers Rock), Australia	Mount Fuji Japan
