

Football Club Mascots 1

Football club mascots are part of a fan's matchday experience. They parade the touchline at clubs up and down the country, playing their part in entertaining and lifting the crowd's spirits. Clubs change their mascots from time to time, perhaps refreshing their luck as the word mascot comes from the French word 'mascotte', which translates as 'lucky charm'. It's rare to come across a football fan who can name more than a few mascots.
