

The Seas

The ancient Greeks and Romans were aware of only "Seven Seas" of the known world. Today, we are aware of many more seas. Some of them are named by the discoverer. Most of them are part of larger oceans, which are just one expanse of water, after all.

Can you identify the 20 seas numerically marked on this world map?

	North Sea		Arabian Sea		South China Sea		Kara Sea
	Irish Sea		Caribbean Sea		Tasman Sea		Coral Sea
	Black Sea		Barents Sea		Beaufort Sea		Greenland Sea
	Caspian Sea		Baltic Sea		Mediterranean Sea		Weddell Sea
	Red Sea		Norwegian Sea		Labrador Sea		Ross Sea
