

UK Major Rivers

The UK has about 1500 rivers, most of which are very small. However, only about 29 of them are major rivers. Do you know them? This map shows 20 UK rivers. Match up the rivers and numbers.

Note: This map is not an accurate representation; it only indicates a river's course.

3	River Avon	9	River Eden	1	River Spey	6	River Tweed
